

Marketing Manager, Acquisition

About Perfuzze

Perfuzze is a commercial-stage neurovascular medical device company developing breakthrough technologies to improve outcomes for patients suffering from acute ischemic stroke. Our proprietary platform is designed to rapidly and completely remove clots, restoring blood flow to the brain and giving patients the best possible chance at recovery. Our mission is to enable clinicians to save more lives and reduce the long-term impact of stroke worldwide.

The Role

We're looking for a Marketing Manager, Acquisition — our first full-time marketing hire — to help shape how Perfuzze tells its story to the world. You'll lead the awareness and adoption side of our customer journey, developing programs that engage interventional neuroradiologists, stroke centers, and hospital decision-makers. This role is ideal for someone who loves building from scratch, thrives on collaboration, and wants to make an immediate impact as we scale globally.

Location: Galway, Ireland (Hybrid)

Reports to: VP of Marketing

What You'll Do

- Build and execute integrated campaigns to drive awareness, education, and evaluation of Perfuzze technologies.
- Create high-quality content, tools, and events that connect with clinicians and partners.
- Collaborate with sales, clinical, and R&D teams to ensure consistent, evidence-based messaging.
- Partner with leadership to evolve Perfuzze's brand positioning as we expand commercially.
- Measure and optimize campaign performance across channels.

What You Bring

- 7–9 years of B2B healthcare or medtech marketing experience, ideally in commercialization or product launch.
- Proven success in demand generation, content, or product marketing.
- Excellent communication and storytelling skills, especially for scientific or regulated audiences.
- Experience collaborating across clinical, commercial, and technical teams.
- Passion for improving patient outcomes and advancing stroke care.

Why Join Us

- Shape the future of marketing at a rapidly growing medical device company.
- Work directly with leadership on global commercialization strategy.
- Join a mission-driven team bringing life-saving innovation to clinicians and patients worldwide
